TWO BANKERS ON COMMISSION CAST DISSENTING VOTE

Minor Changes are Suggested in General Banking Practice—No Direct Power planned to Render Credits More Accessible to Agriculture.

By RAY BROWN
Canadian Press Staff Writer
OTTAWA, Nov. 12.—With the two Canadian bankers dissenting, the majority of the Royal Commission of five appointed to investigate Canada's banking and currency system, recommends "that a Central Bank for Canada be forthwith established."

Since all parties in the House of Commons are apparently committed to the setting up of such an institution, it is likely this will be one of Parliament's first actions when it assembles in January.

Nothing in the report would indicate that the central bank would have any direct power to render credits more accessible to agriculture but a special chapter deals with this problem.

The commission suggests a Dominion-Provincial investigation to devise some organization for the extension of intermediate and short term agricultural credit.

Little Fault Found In Existing System.

Several recommendations for minor changes in general banking practice are made but in the main the commission found little fault with the existing system, except in the lack of a central bank.

The proposal is the establishment of a central bank structure of which the governor, deputy governor and directors would, in the instance, be appointed by the government-in-council, and thereafter by the shareholders with the approval of the governor-in-council.

It would have a capital of \$5,000,000 open to subscription by all British subjects resident in Canada, and all excess profits would revert to the government.

Time Inopportune For Such Venture

The chairman, Lord Macmillan, Sir Charles Addis, and Hon. J. E. Brownlee, were the majority favoring the setting up of a central bank. Sir Thomas White and Beaudry LeMay submitted individual statements setting forth their objections particularly on the ground that even if such an institution may eventually prove essential in Canada, the present troubled state of finance and business would be an inopportune time for such a venture.

Mr. Brownlee, while agreeing to the main recommendation, filed a dissenting statement with respect to the structure of the bank. He would have the entire capital subscribed by the government and the recommendation of officers remain perpetually with the Federal administration, rather than the proposed system of private ownership.

Penalties Provided For Contention

Four of the commissioners were agreed on abolition of the statute fixing the maximum interest rate charged by banks at seven per cent.

Mr. Brownlee dissented but all agreed that if the regulation were to be retained, that section of the Bank Act should be made clear and a penalty imposed for any contravention.

Other recommendations submitted for consideration of Parliament in revising the Bank Act, and for private initiative of the banks themselves, may be summarized as follows:

In the interests of farmers who generally require credit running from 6 to 12 months, "the banks would be well advised in the case of satisfactory customers, to endeavor to meet their wishes and convenience in this matter."

Abolition of the charge on operating accounts and collecting cheques.

Banks Allowed for Investment Business

That the banks be permitted to continue in the investment business, but restrict their ventures to the highest class securities available.

That shareholders of the Canadian banks should consider the advisability of providing "a generous proportion" of directors from the Eastern and Western Sections of the Dominion, in view of alleged subordination of the interests of those sections to those of the Central bank.

That it would be unwise to restrict membership on bank directorates to those who are not directors of other corporations. That banks concerned should amend their bylaws so as to prevent directors voting or attending at meetings when credits to themselves or their firms are being considered.

The report concludes with the observation that the world will never return to conditions the same as those prevailing before the depression.

Secs World Changed In Many Respects

This belief was the guiding influence of the commission in making its suggestions as to whether the existing banking machinery was adequate not to meet present conditions but to cope with conditions likely to prevail with the return of normality.

"When prosperity returns," the report observes, "it will return to a world changed in many important respects. We have to see whether in the particular sphere of our inquiry Canada has the necessary equipment to deal with these new conditions, having regard to all their economic implications."

Bank Report Highlights

OTTAWA, Nov. 12.—The following are highlights of the Banking Commission report.

Majority of the Commission recommends immediate establishment of a Central Bank in Canada.

The Central Bank would have a capitalization of \$5,000,000.

Premier J. E. Brownlee of Alberta objects to stock of the Central Bank being privately owned.

The majority recommends that the Central Bank have sole right to issue notes.

Establishment of some new examination for extension of intermediate and short term agricultural credit is recommended.

The Canadian banking system should not compete with the commercial banks.

Majority of the Commission thinks it is not essential that the Central Bank should not supply adequate Central Banking facilities.

The Central Bank should have a head office in Ottawa.

It should take over the affairs of the assistant receivers-general.

The Central Bank should have a governor, deputy governor, and six to eight directors.

Its dividend should be limited to five per cent or six per cent cumulative.

The Central Bank should be banker for the Dominion government and might also become banker to the provincial governments.

Commissioner Brownlee urges reduction of interest rates on both deposits and loans.

Report recommends that the shareholders of Canadian banks consider the advisability of providing a generous proportion of directors from eastern and western sections of Canada.

JAPAN BOLDLY PREPARES FOR WAR IN EAST

TOKYO, Nov. 12.—The Japanese army and navy, maintaining the empire is ringed about by hostile-inclined powers—are demanding that the economic resources of the nation be further stretched to prepare for war.

This stand of the defence services is making the nation's chief of staff, Gen. Arima, who is in charge of the budget for the fiscal year 1934-35 one of the utmost difficulty, involving vital decisions of national policy, perhaps even the life of the military itself.

If the army and navy have their way—and they have—then the Emperor's debt of nearly 2,000,000,000 yen (about \$500,000,000) over the last two years—their policy will continue for several years.

The navy holds that the United States, having moved 90 per cent of its power into the Pacific ocean and inaugurated a \$2,000,000,000 ship construction program, is endangering the safety of the Japanese empire on the seas.

Early Contributions Necessary Opening Christmas Cheer Fund for Military Ward Patients Earlier Than Usual.

It is not usual to draw to the attention of The Bulletin readers the "Not Forgotten Fund" and all its details for, until about Dec. 1, this year early mention of it is being made account of the fact that donations there have commenced coming, thus showing interest being manifested in the welfare of the returned soldiers still suffering from war wounds.

The first contribution came in the form of a \$2 cheque from the War Widows Association. Each year the self-sacrificing ladies of this organization have given unstintingly of their time, assisting the Bulletin in administering the "Not Forgotten Fund."

WIND WRECKS FREIGHT CARS MOVING TRAIN

Three Box Cars Shattered to Matchwood East of Vegreville.

Shattered to matchwood when struck by a roaring gale of wind three box cars of Vegreville, Alta., were wrecked on the C.N.R. east of Vegreville.

The C.N.R. roadhouse freight went swept from the track as the train carrying the wrecked cars, from east to west, left the rails, but the other two were not entirely derailed.

First intimation of the force of the wind was received by the engineer when he felt the jolting of the cars. He immediately throttled the engine and the train came to a stop.

Strength of the cyclone struck the train, shattering the cars from the ends.

A report was received that several box cars had been blown off the track and that the train had been wrecked.

The engineer immediately sent a message to the station and the train was stopped.

The world will not return to the status quo ante bellum. When prosperity returns, it will return to a world changed in many important respects. The report contains a number of particular aspects of our industrial and financial system, and equipment to deal with the new conditions, having regard to all the changes in the industrial system.

The report contains an interesting study of the growth of Canadian financial institutions and a valuable summary of the work of the Bank of Canada, particularly of the operations of the Monetary Board.

There then follows a chapter which sets forth the general principles of monetary policy in Canada, which are inevitably complicated by the dependence of the country on foreign trade.

The report is a valuable contribution to the study of the establishment of a Central Bank in Canada, and is well worth reading.

It states the general functions of a Central Bank, describes the part which it plays in the monetary and financial systems and outlines the problems which it has to deal with. It also states the place which would have to be occupied by a Central Bank in Canada, and the importance of the soundness of Central Banks in other countries.

The report also deals with the problems of agricultural credit and on miscellaneous problems of banking practice.

The concluding recommendations are of a general nature, and are followed by the memoranda and appendices of various commissions and committees, and by a list of statistical material regarding the operations of the chartered banks.

The report suggests banks whose by-laws at present

Regarding bank profits, the report points out that the average profit available for dividends of the past decade was 6.36 percent of the shareholders' investment. Similarly calculated, dividends paid amounted to 4.36 percent of the investment.

From six to 10 years ago, the reason rates of return on capital would be low was that the banks had endeavored to provide convenience to their customers by operating on a checkbook basis. But the banks justifiably now recommend to "consider the interests of the general public" in the extension of changes by the Federal Reserve.

Aroused by an alert policeman about 20 dwellers of the Murray Block apartments near the corner of 9th street and Jasper Avenue fled in the safety of the street when fire broke out at 9:20 a.m. Sunday in the huge pile of lumber twice stored in the basement, occupied by the United Fruit Company. Wearing gas masks, formed under direction of Chief Albert Dutton and Captain Jack Smith, the firemen entered the basement and with two lines of hose and one of chemical, confined the flames to the binder twine piles and ceiling. Damage, according to Chief Dutton, was around \$100 covered by insurance.

W. Howard, who lives in the ground floor of the block, spotted the smoke billowing from the main entrance of the block. Rushing up the stairs to the second floor he found the twine piles and ceiling on fire. He called the fire department and the firemen arrived within 10 minutes.

NO DATE SET FOR HEARING DAMAGE CASES

Judge Ewing Holds Corona Hotel Fire Actions in Abeyance

S. B. Wood, K.C. appeared before Judge Justice Ewing in supreme court on Friday afternoon and asked his Lordship to set a date for the hearing of the various damage cases arising out of the Corona Hotel fire on Feb. 21, 1932.

There are 90 plaintiffs in all, and the damages asked for total more than \$200,000. No decision was given.

B.C. LIBERALS TAKE CONTROL ON WEDNESDAY

VANCOUVER, Nov. 13.—(A Liberal government takes power in British Columbia this week, the result of the party's victory in the election Nov. 10.

Next Wednesday noon is the hour when Premier S. F. Tolmie has been sworn in as premier of the province.

PLANES RESCUE BLAST VICTIMS

All the survivors of the tragic destruction of the schooner "Speed" by an explosion on the waters of Great Bear Lake, three weeks ago, were brought in safely to Cameron Bay over the week-end in planes piloted by John Byrnie, Canadian Airways, and Harry Hagg, Mackenzie Air Services. The five men rescued would probably have died from exposure and hunger if the two planes had not been left at Cameron Bay for emergency use during the in-between season.

SHIP HITS REEF, CREW IN SAFETY

ELLIS Bay, Anticosti Island, Que., Nov. 13.—(Only the top of the mast projecting from the water and of Heath Point, Anticosti Island, last night showed the spot where the steamer Scotia, of the Canadian National, was wrecked Sunday after she had been abandoned by her crew.

3. DO YOU BELIEVE IN GOD? PEOPLE WILL LIE ON THE WITNESS STAND. THE ANSWER IS GOING TO GO DOWN DAMNING TO THEM!

AUTHOR'S NOTE: These answers are given from the standpoint of a true, not all moral questions can be answered with absolute scientific accuracy, but no discussion as to what is morally right is possible without science. Science puts the rights of organized society above the rights of individuals.

1.—They will if they think they can get away with it. I am against it, because I believe in the deepest unity in human nature, namely the desire to be happy. People are likely to lie, steal, murder, work, and do all sorts of things to get out of their resources in order to maintain their living of being contented than from any or all other causes. Therefore, to do so is a duty before a court or jury would find a person's conviction and will. It is either a very strong will to save his face if he can.

2.—No. It is the chase, the hazard, the adventure, and not owning or caring the game and even to the fisher or hunter. Happiness comes from actively satisfying the biological functions of such human nature. It is not the pleasure of itself made them happy, but the fact of a strong dissatisfaction when they get it and discover the sport is the point.

TO CRASH GRAVEL TO FILL IN PORTIONS OF OLD C.N.R. GRADE

Agreement has been reached between the Dominion and provincial governments, for the carrying out of a relief project, of gravel crushing and filling in of portions of the old abandoned C.N.R. grade now forming part of the Jasper highway, according to Hon. O. L. McPherson, minister of public works.

The gravel crushing plant at Bliss will be installed at Bliss and a stock gravel pile for future use will be started.

Under the agreement the province will provide the crushing equipment and the Dominion will provide for the buildings, direction and operation of the camp.

This work has no association with the proposals submitted by the provincial government for the widening of the 10-mile section of the highway west of Grande Prairie, and is situated immediately east of the park.

HIGH COST PER MAN
The Minister said that the province had given the Dominion assistance in the work to the fullest extent requested. It was estimated that the cost of the work was higher cost per man than usual and the province had been asked to declare the work to be a relief project.

PARLIAMENT MUST MAKE FAIR RULES
Finance Should Not Control Business, Liberal M.P. States

The people don't elect business men to run government for them, and there is no reason why the federal M.P. for the riding of Ontario, Mr. J. H. Moore, former chairman of the Dominion board of directors, should be an economist and writer, when interviewed at the Macdonald hotel on Monday.

RULES NOT FOLLOWED
The rules have not been followed so far by greedy and dishonest men, and many of the unpleasant revelations were furnished by the bankers and brokers at the U.S. Senate inquiry in Washington.

NOT PROFITABLE
Mr. Moore said fearfully that the large public works being asked for would not be profitable—they would not be profitable, he said, because the government would not be able to pay for them. He said that the government would not be able to pay for them because the government would not be able to pay for them.

Runyan Breaks Par To Capture Capital Open Golf Meet Prize

WASHINGTON, Nov. 13.—Nutting par with a snappy 211 for 34 holes around the Kenwood Country club course, Paul Runyan, Westchester County, N.Y., pro, Sunday captured the third annual \$2,000 United States Capital open championship.

Just a stroke behind was Walter Koer of Long Island, ending 212 for three trips over the par-70 route.

Association Moguls Aim Blow At Majors' Chain-Store Plan

KANSAS CITY, Nov. 13.—The American Baseball Association Sunday directed a blow at the major league chain store moguls as well as at the Milwaukee and Columbus clubs.

Association representatives met May 15 as the last date on which member clubs can acquire players during the 1934 season from their major league "patron saints."

HATS OFF TO BILL LEWIS

Just a week from the day he was suspended by the National Hockey League for failure to accept the salary offered him, Bill Lewis, Boston Bruins, Eddie Shore, and Frank Calder, who had lifted the ban.

Long-distance phone lines were buzzed quickly after Boston first left, abetting at the hands of Toronto Maple Leafs as the management tried to make peace with the greatest defense man and showman in big time hockey.

Perhaps they thought they could get by for a while without him and make Eddie accept their offer of a slashed salary, but the terrific lacerate they cut vetoed that possibility.

When Eddie heard the truth for the first time, it was at his own home. There was no click-up on the telephone, but he did insist that Bruins carry out the promise of an original contract which they had tried to cut to \$2,500.

It was worth a week at a hold-out to get that near back.

Shore is not a man who talks much in figures in regard to his salary, but he is a highly paid hockey player who calls "So long" to your agent, says "So long" to the team, and says "So long" to his winter wages.

As was pretty generally expected, Calgary's senior All-Americans left for Winnipeg in the western final Saturday, while their juniors were sent to the western Canada crown from the Deer Lodge outfit from Manitoba's capital.

Calgary juniors have been rated one of the best teams ever turned out on the prairies and they should be well able to take the Dominion title if a playoff is held this year.

Edmonton failed to get any representation in the main efforts of the Alberta Amateur Hockey Association when this body held its annual meeting in Calgary Saturday.

All of them went to Vancouver, where D. W. G. Hardy, of this city, retaining presidency, was a fine record behind him, not only in the prairie, but outside it, too.

SARNIA WHIPS BALMY BEACH TO WIN CROWN

But Big Four and College Unions Need Playoffs To Decide Champs

TORONTO, Nov. 13.—Toronto held a twin-triumph over Montreal today and that is why the eastern football campaign goes into extra innings. Only Sarnia Imperials, kings of the G. R. F. U., held their first win of the season.

Montreal could have won the Inter-provincial Union title Saturday in front of a home crowd who came out to see a struggle in the snow.

But Sarnia Imperials, who were the punch, pushed over a pair of touchdowns in the first quarter and held on grimly to gain an 11-10 victory.

ROUGHERS FADING The result left the Sealties tied with Montreal. They will play off for the title.

As for Argonauts, they are advancing steadily. They won their first game, 14-0, against the Toronto Argonauts.

Frank Turville leading the Bengals to their first win of the season. It left Roughriders out of the playoff picture.

Favored to defeat University of Toronto here, McGill's Redmen held the upper hand for three periods, then succumbed to the kicking and running of the visitors.

Two-Game Play-off in Big Four Union

MONTREAL, Nov. 13.—Argonauts and Montreal will play a two-game, best-of-two series for the championship of the interprovincial rugby football union.

Sunday night games will take place at Hamilton next Saturday and the second Montreal Nov. 25. Argonauts are using Hamilton as their "home" grounds.

Argonauts are expected to meet in the second game at Varsity Stadium, Toronto, next Saturday, for the intercollegiate championship.

ENTIRE SLATE OF HOCKEY HEADS ARE NEW MEN

Southern Men Dominate Amateur Association For Coming Year

CALGARY, Nov. 13.—Apparently the cards were stacked prior to the annual meeting of the Alberta amateur hockey association as an entire slate of new heads was elected at the conference held at the Palmer hotel on Saturday.

The meeting saw the passing of Dr. W. G. Hardy, of Edmonton, as president, and the withdrawal of George Larch, of Calgary, as secretary-treasurer, an office he has capably filled for several years.

LIST OF OFFICERS Lance Morgan, of Baltimore, was elected to head the organization. He is also vice-president and secretary.

It appeared to be a question of the south against the north with the former dominating the vote. The new slate of officers was elected at the provincial delegate to attend the annual C.A.H.A. meeting.

Pat Moore, the vice-president and J. T. North are great boosters of the Calgary junior, juvenile and mid-level hockey.

HURRY-UP CALL HUSTLES EDDIE OFF TO BRUINS

Just a week from the day he was suspended by the National Hockey League for failure to accept the salary offered him, Bill Lewis, Boston Bruins, Eddie Shore, and Frank Calder, who had lifted the ban.

Long-distance phone lines were buzzed quickly after Boston first left, abetting at the hands of Toronto Maple Leafs as the management tried to make peace with the greatest defense man and showman in big time hockey.

Perhaps they thought they could get by for a while without him and make Eddie accept their offer of a slashed salary, but the terrific lacerate they cut vetoed that possibility.

When Eddie heard the truth for the first time, it was at his own home. There was no click-up on the telephone, but he did insist that Bruins carry out the promise of an original contract which they had tried to cut to \$2,500.

It was worth a week at a hold-out to get that near back.

Shore is not a man who talks much in figures in regard to his salary, but he is a highly paid hockey player who calls "So long" to your agent, says "So long" to the team, and says "So long" to his winter wages.

As was pretty generally expected, Calgary's senior All-Americans left for Winnipeg in the western final Saturday, while their juniors were sent to the western Canada crown from the Deer Lodge outfit from Manitoba's capital.

Calgary juniors have been rated one of the best teams ever turned out on the prairies and they should be well able to take the Dominion title if a playoff is held this year.

Edmonton failed to get any representation in the main efforts of the Alberta Amateur Hockey Association when this body held its annual meeting in Calgary Saturday.

All of them went to Vancouver, where D. W. G. Hardy, of this city, retaining presidency, was a fine record behind him, not only in the prairie, but outside it, too.

Amateur Boxing Association to Meet Tonight

The Edmonton Amateur Boxing Association will hold their annual general meeting tonight at 8:00 o'clock in the Memorial.

The greater part of the business to be discussed will be the election of officers and plans for the coming season.

Cronin-Kabat-Rehholz Combination Is Too Much for Foothills Team; McKenzie and Bud Williamson Star

WINNIPEG, Nov. 13.—Carl Cronin's Winnipeg team today were ready to carry East for the first time in eight years in search of the ever-forgotten Canadian Senior Rugby Cup.

Playing on a slippery field for two hours, the Manitoba champions handed Alberta's titillating, Calgary All Stars, a 15-1 defeat here Saturday to win the Western Canadian title. The fighting band of Indians from Alberta's foothills took the triumph as they went down.

McKenzie was everywhere as he kicked, tossed forward passes and plunged against the firmly built Winnipeg line. Star of his team and formerly of Balmy Beach, McKenzie was the toughest throw in the Winnipeg's side.

Corin led his Manitoba titillating team to victory with two touchdowns, and gave a good account of himself in one he did not touch on with the Lions. He will likely return to Red Deer to play for the local inter-collegiate. Hockey fans here are hoping that Ainsworth will be able to make the grade and step into the "pro" ranks.

RED DEER, Nov. 13.—Inter-collegiate hockey in Central Alberta will operate under the Big Four Hockey League this winter, replacing the Big Six of last year. Stettin, Lacombe, Red Deer and Okla are the four towns in the circuit with Ponoka and Innisburg. Ponoka retired voluntarily and will play in a northern league this winter.

At a recent league meeting it was moved that Innisburg be taken into the Big Four. They were second order to the motion, however, and hence no vote was taken. Ponoka retired voluntarily and will play in a northern league this winter.

The president and the secretary will draw up the season's schedule and it is expected that the League will open about the last week in November.

All the teams will be stronger than last season and a fast brand of hockey is assured.

London tankards must be able to turn around in a 25-foot wide medium or followed by a regular 49-foot foot to do so.

45,000 PERSONS SEE SPURS WIN

LONDON, Nov. 13.—The biggest crowd of the day at English soccer matches—45,000 persons—were jammed into the Spurs' ground Saturday to see Tottenham defeat Newcastle United 4-0 and hold their two-point advantage in the first division of the English League.

Arnsell, the league champions, played a crowd of 45,000 at White Hart Lane, mounted a splendid victory by 4-0 while Huddersfield, who remained in the title with the Arsenal, lost their second game.

Twice during the quarter McKenzie successfully teased the title to Williamson, who they lost possession when they chose to try for a major goal instead of taking for a single.

PLAY IN STATISTICS Winnipeg made 238 yards on plays from scrimmage while Calgary made 187 yards.

ALBERTA CUP FOR HARDY CUP

B. C. DEFEATS ALBERTANS TO RETAIN CROWN

Coast Squad Triumphs by 12-5; Pete Rule Star of Local Team

VANCOUVER, Nov. 13.—University of British Columbia, turned back the University of Alberta's Golden Bells 12-5 here Saturday to retain the Western Inter-collegiate Canadian football title and the Hardy Cup.

Ed Kendall, near-perfect kicker of the British Columbian backfield, and his running mate, Elvie McIntyre, gave the coast team their margin of victory.

STRONG WINGLINE
Taking the field with one of the greatest line coaches, "Doc" Gordon Burke has ever developed, the blue team was a formidable force in the converted and a field goal in the first half. They added another field goal in the fourth quarter, but the game was over for the Bears which went unscathed.

The victory gave the British Columbia possession of the title for the third time since its inception in 1927.

British Columbia, with Kendall and MacIntyre showing the way, fielded a strong attack. The defense held on three downs on their own toward the line and back position. Stewart kicked out of bounds on his own half, and the team switched ends for the next quarter. On the next play, McIntyre kicked a field goal for the first time in the game. Kendall booted the convert point man to a placekick.

NIP ALBERTA THREAT
An Alberta threat was nipped when Senker intercepted the forward pass on British Columbia's 35-yard line and sent it 20 yards before being downed by Creighton. Failing to make yards, the coast team tried to kick to Ed Kendall, but a beautiful placement from 13 yards out for a field goal was blocked by the Bears.

The teams left the field at half time with British Columbia leading 9 to 0.

A fumble gave Alberta possession on British Columbia's 35-yard line. In the third quarter, the Bears, led by their converted players of Rule, plowed their way to the coast 30-yard line, where Rule went over on the last down for a 12-5 victory.

Before the game ended the blue and gold team kicked up a 15-yard line, but each time the ball was fumbled or thrown back without success.

Halfway through the final quarter, Campbell, after an exchange of punts, kicked a field goal to cover for British Columbia on the Alberta 15-yard line. Once again the coast team kicked the ball into the punter between the goal posts for the second time in the game.

RULE OUTSTANDING
Pete Rule, iron-muscle Bear half-back, was out for the victors. Not one was the husky Alberta player stopped for an instant and he literally fought his way down the field to put the Bears in position for the game.

CALGARY HIGH CRIDERS WIN ROSS TROPHY

Garneau School Trounced by Class Southern Team, 33-0

By CHARLES TOLSON
Calgary's Collegiate Institute of Alberta retained the Ross Trophy emblematic of senior high school football supremacy for the second year when they trounced Garneau 33-0 at Renfrew Park Saturday afternoon.

Garneau was unable to hold back the invaders who poured through their openings in the local team's line. The South Side backfield was completely baffled by the new passing and faking of plays by their opponents.

The game was over after time with disastrous results for the local team. The Garneau players in scoring position twice and they took advantage of the situation to push over two touchdowns.

WEST CANADA REJECTS U.S. PLAYING CODE

But Suggest Number of Changes in Rules for Next Season

WINNIPEG, Nov. 13.—Rejecting a motion to accept the United States playing rules in entirety, the Western Canada Rugby Football Union today has reaffirmed its efforts to set new rules with a view to making the game more attractive to the fans' point of view.

The union, at its annual meeting here Saturday, prepared recommendations for the Canadian Rugby Football Union on alteration of rules, and also on the acceptance of the Canadian Union rules for play-downs. Testing of the suggested alterations was left to the discretion of branches within the Western Union.

PENALTY SUGGESTION
Severe penalties against teams consisting of players for rough play were recommended to the Canadian Rugby Football Union. From 13 to 20 yards loss of yardage for pushing, kicking and unsportsmanlike action was proposed instead of penalties against individual players, committing the offence. Other changes proposed dealt with the option of dropping off points were scored and the ball.

A proposal to resume play at the start of the third quarter at the point where the game was interrupted at the end of the second quarter was defeated. Quarters affecting individual players, committing the offence. Other changes proposed dealt with the option of dropping off points were scored and the ball.
